

Contents

List of contributors.....	VII
Foreword.....	IX

I – General Principles in Tumour Genesis: How does Cancer Arise? *P. Malfertheiner, J. Misiewicz*

New pathological aspects <i>G. Klöppel</i>	3
The molecular biology of cancer <i>M. Ilyas</i>	5
Genetics of familial gastrointestinal cancer <i>M.R. Novelli</i>	13
Intestinal stem cells and cancer <i>J. Burkert, S. Schier, N.A. Wright</i>	17

II – Oesophageal Cancer and Cancer of the Cardia *J.P. Galmiche, L. Lundell*

Oesophageal cancer and cancer of the cardia: epidemiology, diversity and pathogenesis <i>M. Sarbia</i>	27
Oesophageal cancer and cancer of the cardia. Staging: the role of endosonography, CT/MRI and PET <i>T. Lerut, S. Stamenkovic, Ph. Nafteux, W. Coosemans, G. Decker, P. De Leyn, J. Moons, D. Van Raemdonck</i>	33
Treatment: brachytherapy <i>versus</i> stenting for palliation <i>P.D. Siersema</i>	39
Endoscopic resection in early Barrett's carcinoma <i>C. Ell</i>	45
The role of chemotherapy and radiotherapy in the treatment of oesophageal and oesophagogastric junction cancer <i>G. Chong</i>	47
Is oesophageal adenocarcinoma a preventable disease? <i>R. Arnold</i>	51

III – Gastric Cancer

A. Basoli, G. Tytgat

Gastric cancer: epidemiology, diversity and pathogenesis	
<i>M. Leja</i>	63
Gastric cancer treatment: the role of endoscopy	
<i>H. Neuhaus</i>	69
Treatment: the role of extended surgery	
<i>C.J.H. van de Velde</i>	73
The adjuvant treatment of gastric cancer	
<i>E. van Cutsem, K. Haustermans</i>	83

IV – Colorectal and Anal Cancer

M. Classen, A. Montori

Colorectal cancer: epidemiology, genetics, diversity and pathogenesis	
<i>H.F. Hammer</i>	89
Colonic stenting as the “bridge to surgery” and palliative treatment	
<i>S. Meisner</i>	93
Colon cancer. Adjuvant treatment	
<i>N. Andre, W. Schmiegell</i>	99
Preoperative versus postoperative radiotherapy in rectal cancer	
<i>L. Pahlman</i>	107

V – Biliaro-Pancreatic Cancer

D.J. Gouma, J. Malagelada

Pancreatic and biliary cancer: epidemiology and risk factors	
<i>G.J. Krejs</i>	115
Diagnostic work-up of patients with biliary-pancreatic cancer	
<i>J. Špičák</i>	121
Surgical treatment of pancreatic cancer	
<i>H. Friess, J. Kleeff, S.V. Shrikhande</i>	129
Surgical management of bile duct cancer	
<i>J.-F. Gigot</i>	135
Update on chemotherapy and radiotherapy in pancreatic cancer	
<i>J.L. Van Laethem</i>	139
