Chapter 1	Nosography and semiology of movement disorders in childhood <i>Lucia Angelini, Giovanna Zorzi and Nardo Nardocci</i>	1
Chapter 2	The genetics of dystonia <i>Barbara Garavaglia and Chiara Barzaghi</i>	7
Chapter 3	Neuroradiological findings in paediatric movement disorders <i>Luisa Chiapparini, Marina Grisoli and Mario Savoiaro</i>	19
Chapter 4	Neurophysiological investigations in movement disorders <i>Silvana Franceschetti, Laura Canafoglia, Flavia Tripaldi, Claudia Ciano and Ferruccio Panzica</i>	35
Chapter 5	Quantitative assessment of paediatric movement disorders <i>Renata Bono, Emanuela Pagliano, Elena Andreucci, Simona Malinverni and Alice Corlatti</i> <a href="#">video 1</a>	49
Chapter 6	Primary dystonia <i>Nardo Nardocci, Federica Zibordi, Caterina Costa and Giovanna Zorzi</i> <a href="#">video 2</a>	59
Chapter 7	Update on myoclonus-dystonia <i>Enza Maria Valente and Bruno Dallapiccola</i>	67
Chapter 8	Pharmacological treatment of childhood dystonia <i>Agathe Roubertie, Julie Leydet, Nathalie Demonceau and Bernard Echenne</i>	77

Chapter 9	Deep brain stimulation of the globus pallidus internus for the treatment of childhood-onset dystonia <i>Giovanni Broggi, Carlo Marras, Angelo Franzini, Giovanna Zorzi, Luigi Romito, Dario Caldiroli, Luisa Chiapparini and Nardo Nardocci</i> <u>video 3</u>	83
Chapter 10	Dopa-responsive dystonias/dyskinesias (DRDs): diagnosis and monitoring of the treatment <i>Vincenzo Leuzzi, Teresa Giovannello, Carla Carducci, Claudia Carducci and Italo Antonozzi</i>	91
Chapter 11	Clinical and aetiological spectrum of dopa-responsive syndromes <i>Giovanna Zorzi, Federica Zibordi, Daniele Ghezzi, Chiara Barzaghi, Barbara Garavaglia and Nardo Nardocci</i> <u>video 4</u>	105
Chapter 12	Sydenham's chorea <i>Francisco Cardoso</i> <u>video 5</u>	113
Chapter 13	Opsoclonus-myoclonus syndrome <i>Michael R. Pranzatelli</i>	125
Chapter 14	Pantothenate kinase-associated neurodegeneration <i>Susan J. Hayflick</i> <u>video 6</u>	139
Chapter 15	Functional (psychogenic) movement disorders in childhood <i>Robert Surtees</i>	145
Chapter 16	Movement disorders in Rett syndrome <i>Teresa Temudo</i> <u>video 7</u>	153
Chapter 17	Rapid-onset dystonia-parkinsonism <i>Andrew McKeon and Mary D. King</i>	167
Chapter 18	Alternating hemiplegia of childhood (AHC) <i>Giuseppe Gobbi, Melania Giannotta, Tiziana Granata, Fiorella Gurrieri, Edvige Veneselli, Federico Vigeveno, Claudio Zucca, Nardo Nardocci and Emilio Fernandez-Alvarez</i> <u>video 8</u>	173
