

# Contents

Foreword.....	IX
List of Authors.....	XI

## Section I: Semiology of extratemporal epilepsy

Overview <i>Jamie VanGompel, Greg A. Worrell</i> .....	3
Introduction to extratemporal lobe epilepsy <i>Soheyl Noachtar, Isabella Krotofil</i> .....	15
The ictal semiology of prefrontal epilepsies <i>Samden D. Lhatoo, David R. Sandeman</i> .....	31
Semiology of mesial frontal and parietal lobe epilepsy <i>Bassel Abou-Khalil</i> .....	43
Ictal semiology of parieto-occipital lobe epilepsies <i>Tonicarlo R. Velasco, Americo C. Sakamoto</i> .....	65
Ictal semiology of hypothalamic hamartomas <i>Andre Palmimi</i> .....	77

## Section II: Non-invasive neurophysiology of extratemporal lobe epilepsies

Noninvasive neurophysiology of extratemporal lobe epilepsy: interictal epileptiform discharges <i>Felix Rosenow, Sebastian Bauer, Hajo M. Hamer</i> .....	95
---	----

Source localization of extratemporal spikes <i>John P. Turnbull</i> .....	109
Magnetoencephalography in extratemporal lobe epilepsy <i>Richard C. Burgess</i> .....	119
<b>Section III:</b> <b>Neuroimaging of extratemporal lobe epilepsies</b>	
Imaging in extratemporal lobe epilepsy: Overview <i>Fergus J. Rugg-Gunn, John S. Duncan</i> .....	135
High resolution magnetic resonance imaging in extratemporal lobe epilepsy <i>Neel Madan, Douglas L. Teich, David B. Hackney</i> .....	137
Ictal SPECT in extratemporal lobe epilepsy <i>Wim Van Paesschen, K. Goffin</i> .....	167
Functional MRI in extratemporal lobe epilepsy <i>Fergus J. Rugg-Gunn, John S. Duncan</i> .....	175
PET in extratemporal epilepsy <i>Mar Carreño</i> .....	185
Diffusion tensor tractography in extratemporal lobe epilepsy <i>Christian Vollmar, Beate Diehl</i> .....	195
<b>Section IV:</b> <b>Invasive evaluation of extratemporal lobe epilepsies</b>	
Subdural EEG recordings in extratemporal lobe epilepsy <i>Hajo M. Hamer</i> .....	205
Depth-EEG recordings in extratemporal lobe epilepsy <i>Suela Dylgjeri, Mustapha Benmekhbi, Maysa Sarhan, Dominique Chaussemy, Maria Paola Valenti, Pierre Kehrli, Édouard Hirsch</i> .....	217
High frequency oscillations in extratemporal lobe epilepsy <i>Julia Jacobs, Jean Gotman</i> .....	235
Seizure detection and epileptic focus stimulation in extratemporal lobe epilepsy <i>Gregory K. Bergey, Christophe C. Jouny</i> .....	249

Electrical stimulation of invasive electrodes in extratemporal lobe epilepsy <i>Caspar Stephani, Hans O. Lüders</i> .....	261
Cortico-cortical evoked potentials in extratemporal lobe epilepsy <i>Mohamad Koubeissi, Michael Zell</i> .....	315
<b>Section V:</b> <b>Surgery and outcome of extratemporal lobe epilepsies</b>	
Implantation of depth electrodes – stereo-electro-encephalography (SEEG) – in extratemporal lobe epilepsy <i>Massimo Cossu, Francesco Cardinale, Laura Castana, Laura Tassi, Stefano Francione, Roberto Mai, Ivana Sartori, Lino Nobili, Francesca Gozzo, Marco Schiariti, Giorgio Lo Russo</i> .....	331
Electrocorticography <i>Warren T. Blume, Giannina M Holloway</i> .....	345
Event-related ECoG spectra and functional mapping in extratemporal brain regions <i>Mackenzie C. Cervenka, Nathan E. Crone</i> .....	353
Insular and peri-rolandic epilepsy surgery: techniques <i>Werner Surbeck, Alain Bouthillier, Dang Khoa Nguyen</i> .....	367
Surgical treatment of hypothalamic hamartomas <i>Ramez Malak, Elisabeth M.S. Sherman, Walter J Hader</i> .....	389
Hemispherectomy in the treatment of intractable epilepsy <i>Violette Renard Recinos, Pablo F. Recinos, George I. Jallo</i> .....	409
Multiple subpial transections <i>Marcin Zarowski, Mohamad Z. Koubeissi, Joseph Madsen, Tobias Loddenkemper</i> .....	425
Vagus nerve stimulation: techniques and outcome <i>James W. Wheless</i> .....	435
Deep brain stimulation in extratemporal epilepsy..... <i>Vicenta Salanova, Robert Worth, Thomas Witt, Dragos Sabau</i>	457
SEEG-guided RF-thermocoagulation of extratemporal epileptic foci: a therapeutic alternative for drug-resistant inoperable partial epilepsies <i>Marc Guénot, Jean Isnard, Hélène Catenoix, François Mauguière, Marc Sindou</i> ....	465
Seizure outcome in extratemporal lobe epilepsies <i>Américo C. Sakamoto, Eliana Garzon</i> .....	477
Neuropsychological outcome of extratemporal lobe epilepsy surgery <i>Philip S. Fastenau</i> .....	485
